Young Men and Ladies with ambition should learn Telegraphy. Under the new 8 hour law, which goes into effect next March, over 18,000 additional Telegraphers are required by the Railroads in the United States. Positions pay from \$60 to \$80 per month to beginners. You can qualify in 3 or 4 months time. For full details write to the National Telegraph Institute, Cincinnati, Ohio.

Back to the Country.

A strange thing is the universal longing of professional men and others who have come to the city and have prospered as they advance in life to get back to the country. It is seldom that they do return, and when they do there is often disappointment and things do not appear as they did long ago. The change is in the man himself, but he thinks it is in the country. Nevertheless, the desire to get back to the old country place to end one's days is very general. Sir Walter Scott refers to it and compares the course of a man through the world to that of the hare which started from her lair and after a long chase and making a large circle ends by returning to the nest from which she started.—Baltimore Sun.

How To Get Trade.

The purpose of store advertising is not merely to sell goods, but to sell more goods, to make friends, to build up a patronage that will not only stick, but grow. Newspapers reach the greatest number of people in their immediate vicinity in the most natural way, at the least expense, and they are, therefore the best of all advertising mediums for stores. In the news paper you follow the lines of least resistance, you follow with the steam, you talk to an audience already assembled, to the people who want to read. Their mental cosmos is right, they are on your wire, and they won't ring off if you hold their interest. Attraction is the basis of advertising—the store is the sun, the customers the planets that revolve around it.

Meeting at Pleasant Grove.

Rev Homer Carpenter, of Lexington will begin a protracted meeting at Pleasant Grove tomorrow (Friday night.) Everybody invited to attend. The meeting will last out a few days.

Will Make A Good One.

The Governor has appointed Hon Joe Paxton, of Stanford, to sit as special judge in a number of cases at Richmond. That he will make a good judge and do what he believes to be right, those who know him are well aware.

Excellent Attraction.

The first attraction, under the auspices of the W C T U will be given at the court House on Wednesday October 23rd, when Gilbert Eldridge, the gifted and popular impersonator, will appear in many humorous and pathetic representations. The Press speaks highly of him, all over the country. We clip from the Xenia (Ohio) Daily Gazette:—Every foot of available space was taken, and Mr Eldridge was a whole show. His entertainment was a delightful one. The program being mostly of a humorous nature, caught the audience from the start. He was equally good in the female characters. Many season tickets are being sold at \$1.50 for four attractions. Single reserved seats 50 cents, general admission 35 cents, children 25 cents, 2c

A Good Law.

Thanks to the good work of the last General Assembly, there is a law upon the statute books which provide penalties for hiring a horse from a livery stable and making false representations as to how far the animal is to be ridden or driven. The law was enacted primarily to protect livery stable keepers from loss, but it operates to protect dumb animals from the brutality of person who have no mercy upon them. The law has been enforced recently in several counties, and the men convicted have, in most cases, been worthless negroes. The lot of the "livery horse" is an extremely hard one under the most favorable conditions. When the animal is rented to irresponsible ruffians who represent that they are to drive it five miles, and drive it fifteen regardless of what service it may have done on the same day, its sufferings are intense, and the ends of justice are not more than met when the offender is made to pay the extreme penalty. Every livery stable keeper should be conversant with the law, and should make every effort to enforce it.—Louisville Times.

CENTRAL RECORD

ISSUED WEEKLY. \$1.00 A YEAR.

LOUIS LANDRAM, Edr.-Pubr.

Entered at the Post Office in Lancaster, Ky., as Second-Class Mail Matter.

Member Ky. Press Association.

Lancaster, Ky., October 18, 1907.

A Massachusetts widow, who has been receiving an annuity of \$25,000 left her by her late husband as long as she remains single, has voluntarily given it up in order to marry the man of her choice. However, this man happens to be the chief beneficiary under her husband's will and her income will be larger than before. This lovely tale of real life reads like a Laura Jean Libby romance.

A Louisville doctor says that if a man wears a \$4 hat his wife should not wear a \$14 hat. Why not? A man does not need any flowers, or feathers or fixings on his hat. He does not have to keep up the beauty record of the family. And then this idea of equal cost of clothing is utterly impractical. Would the doctor say that because a man does not wear garters his wife should be equally economical?

A New York society for the prevention of tuberculosis thought it would be a good idea to get light occupation in the country for consumptive patients, but when the subject was broached to farmers it was learned that there were no light occupations in the country and the plan was abandoned.

Among the trials of the youth of the land, few equal those of the St Louis lad of 16, who fled from his happy home because his big brother, "put perfume on his hair, and called father, "father." Let us give him credit for refraining from fratricide.

A Denver woman who said she "could die eating cucumbers," was found by the coroner lifeless, but with a cucumber in her hand and a happy smile on her face. Her record for veracity is unsurpassed.

The sweet-voiced hello girl has received reward of merit again. This time she lives in Washington and has secured as a husband a man worth \$500,000 and has an automobile.

The Kentucky liquor laws may not have stopped drinking in this State, but they certainly have promoted a great deal of ingenuity in liquor circles.

These beautiful fall days are not uncommon in this favored region. Never but once in forty years has the frost come too early for the corn.

Hard Times in Kansas.

The old days of grasshoppers and drouth are almost forgotten in the prosperous Kansas of today; although a citizen of Codell, Earl Shamburg, has not yet forgotten a hard time he encountered. He says: "I was worn out and discouraged by coughing night and day, and could find no relief till I tried Dr King's New Discovery. It took less than one bottle to completely cure me." The safest and most reliable cough and cold remedy and lung and throat healer ever discovered. Guaranteed by R E McRoberts drug store 50c and \$1.00 Trial bottle free. 1m

Mrs. Alexander Walker.

Dr. and Mrs. C. E. Phillips, who were married at Fresno, Cal., last week. A Fresno paper says, in part:—Dr. C. E. Phillips and Miss Verna Stickles stole a march on their large circle of friends and were quietly married by Rev. Dun can Wallace at the parsonage of the Cumberland Presbyterian church Saturday evening in the presence of only their immediate families. The engagement had been an open secret among the friends of Dr. Phillips and Miss Stickles for some time, but none of them had an inkling that the marriage was to take place so soon. Mrs.

Phillips has been a resident of Fresno but a short time, having come here with her mother about eight months ago from Los Angeles. Dr. Phillips has lived in Fresno for the past five years, and in that time has established an enviable reputation for himself both professionally and socially. Before coming to Fresno he had spent all his life in Kentucky and the southern courtesy and thoughtfulness are his qualities. Dr. and Mrs. Phillips will live for a time with Mrs. E. E. Stickles at 709 N street before moving into a home of their own.

A very pretty wedding was that of Miss Gussie Kennedy, the accomplished daughter of Mrs. Alexander Kennedy and Mr. W. A. Farnau, of St. Louis. The ceremony took place Thursday afternoon at half past two o'clock at the residence of the bride's sister, Mrs. Banks Hudson. Rev. J. R. Savage, of Covington, former pastor of the bride, officiated. Only the nearest relatives and a few intimate friends were present. There were no invitations issued for the affair and the decorations of the house were simple, though beautiful, yellow being the color scheme. Miss Grace Kinnaird played the wedding march and Miss Lottie Webb rendered several solos. The bride was given away by her brother, Mr. Robert Kennedy. It was a ring service and little Miss Porter Scott Hudson, beautifully gowned in white with a yellow sash, carried the ring. The bride looked handsome in a champagne voile with a picture hat of champagne trimmed in plumes and carried yellow shaggy chrysanthemums. The bride is a clever woman and a general favorite with a wide circle of friends who wish her every happiness in her new life. The groom is a very popular traveling man and is held in great esteem. After the ceremony an elegant buffet luncheon was served, the color scheme, yellow, being carried through out. Following the luncheon the bride and bride groom drove to Danville for a bridal trip before going to St. Louis to reside.

His Dear Old Mother.

"My dear old mother, who is now eighty three years old, thrives on Electric Bitters," writes W. B. Brunson, of Dublin, Ga. "She has taken them for about two years and enjoys an excellent appetite, feels strong and sleeps well." That's the way Electric Bitters affect the aged, and the same happy results follow in all cases of female weakness and general debility. Weak, puny children too, are greatly strengthened by them. Ulcer of the Stomach

Insidious Nature of the Disease—How to Recognize and Cure It.

Ulcer of the stomach may exist for years without very marked symptoms, excepting those caused by indigestion. It is due to an inflammation which affects the membrane of the stomach so that it is eaten away by the gastric juices.

In good health, the stomach resists the action of the gastric juices, but when weakened, the membrane is heavily nourished and the digestive fluids act upon it as well as upon the food, keeping up until perforation of the stomach occurs. In advanced cases of ulcer of the stomach there is much discomfort after eating, with a constant gnawing sensation between the meals, pain from the pit of the stomach back to the shoulder blade.

At the first symptoms of indigestion, treatment should at once be started with Mi-na. This is a scientific remedy adapted specifically to one purpose, the cure of stomach troubles. It is so uniformly successful that a signed guarantee is given with every \$50 cent box that the money will be refunded if it does not cure.

Mi-na is not a patent or secret remedy, but is a combination of the purest and most reliable of remedies for strengthening the digestive organs and building up the whole system. Use it for a few days, and there is no reason why you should not be able to eat any food you like at any time without fear of distress.

FOLEY'S KIDNEY CURE

Many people who are neglecting symptoms of kidney trouble, hoping "it will wear away," are drifting toward Bright's Disease, which is kidney trouble in one of its worst forms.

FOLEY'S KIDNEY CURE

stops irregularities, strengthens the urinary organs and builds up the worn-out tissues of the kidneys so they will perform their functions properly. Healthy kidneys strain out the impurities from the blood as it passes through them. Diseased kidneys do not, and the poisonous waste matter is carried by the circulation to every part of the body, causing dizziness, backache, stomach trouble, sluggish liver, irregular heart action, etc.

If you have any signs of Kidney or Bladder trouble commence taking **FOLEY'S KIDNEY CURE** at once, as it will cure a slight disorder in a few days and prevent a fatal malady. It is pleasant to take and benefits the whole system.

How to Find Out.

You can easily determine if your kidneys are out of order by setting aside for 24 hours a bottle of the urine passed upon arising. If upon examination it is cloudy or milky or has a brick-dust sediment or small particles float about in it, your kidneys are diseased, and **FOLEY'S KIDNEY CURE** should be taken at once.

G. B. Barstow of **Camille, N. Y.**, writes:
Four Years.
 "About four years ago I wrote you stating that I had been entirely cured of a severe disease trouble by taking less than two bottles of **Foley's Kidney Cure**. My kidneys are diseased, and I have never had a return of any of these symptoms during the four years that have elapsed, and I am evidently cured of my cure. I heartily recommend **Foley's Kidney Cure** to any one suffering from kidney or bladder trouble."

Heart Strength

Heart Strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Possibly, not one weak heart in a hundred is in itself actually diseased. It is almost always a hidden little nerve ailment, the cardiac or vagus-nerve trouble. The cardiac or vagus-nerve—these simply means, and must have, more power, more stability, more health, more vigor, more strength. Without that the Heart must grow weak and wasting nerve, genuine heart weakness, and the heart and kidneys are the two most controlling nerves.

This clearly explains why, as a medicine, Dr. Shoop's Restorative is so successful. It is the best for weak and ailing Hearts. Dr. Shoop first sought the cause of heart trouble, palpitation, suffocation, weakness, and the heart and kidneys are the two most controlling nerves. Dr. Shoop's Restorative—this popular prescription—is alone directed to these two nerves, the heart and kidneys, and it gives them strength; it offers real, genuine heart help. If you want the heart strong, the heart strong, strengthen these nerves—strengthen them as needed, with

Dr. Shoop's Restorative
